*An Epic Journey through Our Nation's Heady History*

## **The Handy American History Answer Book**

**David L. Hudson, Jr.**

Early civilizations, American Indians, the English colonies, slavery, the American Revolution, the Declaration of Independence, and the Bill of Rights begin the journey and lay the foundation for the United States of today. *The Handy American History Answer Book* takes a walk through the economic, political, and social forces, as well as the military conflicts that created, changed, and built the United States. A resource for learning, it will help readers brush up on the events, terms, and history-makers many of us remember but somehow can't always neatly define. This convenient primer is not intended to be a comprehensive work on American history; that can't be done in a single volume. Still, the minds that conceived of it thought that reasonably intelligent people ought to have a convenient place to go to look up more than 800 of those devilish questions that have a way of cropping up in everyday conversation and reading, including *What was the Lost Colony? What was the Stamp Act? What were the Lincoln-Douglas debates? Who invented the sport of basketball? How bad was the San Francisco earthquake of 1906? Who were the "Four Horsemen"? What is a Hooverville? What were the "Pentagon Papers"?*

**David Hudson, Jr., JD** is the author or co-author of over three dozen books, including *The Handy History Answer Book*, *The Handy Law Answer Book*, and *The Handy Supreme Court Answer Book*, all from Visible Ink Press, as well as *The Rehnquist Court: Understanding Its Impact and Legacy*, and (as co-editor with John Vile and David Schultz) *The Encyclopedia of the First Amendment*. He works as a senior law clerk at the Tennessee Supreme Court and teaches classes at Vanderbilt Law School and the Nashville School of Law. Hudson earned his undergraduate degree from Duke University and his law degree from Vanderbilt Law School. He lives in Nashville.

*Proper grammar and effective usage for every occasion*

## The Handy English Grammar Answer Book

Christine A. Hult, Ph.D.

Whether it's for a professional document, a school paper, an Internet blog, or something more personal, effective communication depends on clear, concise, and grammatically correct writing. Punctuation, spelling, and grammar rules can trip up anyone, while organization and word choice can make writing memorable—or banal. Whether you are writing a term paper, a scientific article, a résumé, a business email, a text message, or presenting information in the social media, *The Handy English Grammar Answer Book* offers fundamental principles, grammar rules, and punctuation advice, insights on writing for different occasions and audiences, and numerous examples of good writing. From a brief history of the English language to the deconstruction—and explanation—of the different parts of a sentence, and from tips on avoiding and fixing grammatical mistakes to pointers on how to punctuate correctly and organize a well-argued essay, this easy-to-use reference answers over 600 questions, including *How did language begin? How did Noah Webster affect the English language? What is an adverb? What is jargon? What is the i-before-e rule? How do I plan a structure for my term paper? Should I include personal data in a résumé? How do I write an effective blog?*

**Christine A. Hult** is a professor emeritus of English at Utah State University. She received her Ph.D. in English and education from the University of Michigan. Over the course of her career, Professor Hult taught in the composition, technical writing, honors, and English education programs. She also served as the associate and acting department head of English and as the associate dean for academics at the College of Humanities, Arts, and Social Sciences at Utah State. She has published several books, including *Comp Online*, *Researching and Writing across the Curriculum*, and, with co-author Professor Thomas N. Huckin, *The New Century Handbook*. Professor Hult lives in Logan, Utah.

*"The Hockey Maven" shares his hockey knowledge and NHL insights*

## The Handy Hockey Answer Book

Stan Fischler

Stick handlers without helmets rushing goaltenders without masks on rinks lacking side boards gave way to a faster game with bigger players and overtime shootouts. The National Hockey League has evolved from a Canadian and regional sport to one that is watched by 68 million fans in North America, according to a 2014 NHL report. Hockey may have changed, but its essence and appeal remain. *The Handy Hockey Answer Book* brings the game to life through exciting game action, vital stats, players, rules, and more. It traces the early spread of hockey, Lord Stanley's involvement, and the birth of the cup, then explains the rules, the equipment, strategies, and positioning, before following the ups and downs of the National Hockey League and its teams and players. The book answers more than 800 questions, including *Where does hockey come from? What was the Stanley Cup first called? What is a "Zamboni" and after whom was it named? Why is the term "Original Six" a misnomer? Which two teams participated in the first Winter Classic? Which two current NHL superstars won both the Hart and Art Ross trophies in the first three years of their careers? Which player recently surpassed Peter Forsberg as the youngest player to join the Triple Gold Club?*

**Stan Fischler**, "The Hockey Maven" has been covering the ice game longer and more actively than any living journalist. He began working professionally as a hockey journalist in 1954. He is a Lester Patrick Award winner "for contributions to hockey in the United States" and currently appears on MSG Networks' *Hockey Night Live* weekly program. He wrote his first of more than 90 hockey books, an autobiography of Hall of Famer Gordie Howe, in 1968. Before his wife, Shirley, died in May 2014, she collaborated with her husband on two definitive hockey encyclopedias, as well as other NHL books. He is a Brooklyn native.

*The definitive guide to Bigfoot from an established author and expert on cryptozoology*

## The Bigfoot Book: The Encyclopedia of Sasquatch, Yeti and Cryptid Primates

Nick Redfern

Do hulking, hairy, 800-pound, nine-foot-tall, elusive primates roam the woods and forests throughout North America—and the world? What should we make of the grainy videos and photos and the thousands of eyewitness reports? Whether called Sasquatch, Yeti, Bigfoot, or something else, bipedal primates appear in folklore, legends, and eyewitness accounts in every state of the union and many places around the world. Exploring the history, movies, and literature, as well as conspiracy theories and the world of the supernatural, *The Bigfoot Book* is a comprehensive resource to the man-beast. With nearly 200 entries and 120 photographs, drawings, and illustrations, it covers 400 years of folklore, mythology, history, and pop culture, including Native American lore, the “wild men” reports in the pages of nineteenth-century-era American newspapers, Florida’s Myakka Skunk Ape, Australia’s Yowie, China’s Yeren, the Himalayas’ Yeti, Russian expeditions, *Harry and the Hendersons*, *Exists*, and the countless movies titled *Bigfoot*, as well as television shows on Animal Planet, the Discovery Channel, and the National Geographic Channel, scientific reports and findings, and much, much more. This richly researched reference is overflowing with fascinating information to make readers think—and reconsider their next camping trip.

**Nick Redfern** is the author of 30 books on Bigfoot, lake monsters, the Abominable Snowman, and other unexplained phenomena, including *Monster Files*; *Monster Diary*, *Memoirs of a Monster Hunter*; *The Real Men in Black*; *The NASA Conspiracies*; and *Strange Secrets*. He has appeared on numerous TV shows, including the BBC’s *Out of This World*; the Syfy Channel’s *Proof Positive*; the Space Channel’s *Fields of Fear*; the History Channel’s *Monster Quest*, *America’s Book of Secrets*, *Ancient Aliens* and *UFO Hunters*; Science’s *The Unexplained Files*; and the National Geographic Channel’s *Paranatural*. Originally from the UK, Nick lives on the fringes of Dallas, Texas.

*Unraveling government accounts and exposing UFO research*

## The UFO Dossier: 100 Years of Government Secrets, Conspiracies, and Cover-Ups

Kevin D. Randle

Does the U.S. government know more about UFO and alien life than it admits? Are eyewitnesses telling the truth? What does the historical record say? Former intelligence officer and retired U.S. Army lieutenant colonel Kevin Randle takes an objective look at evidence for alien life and UFOs and presents his findings in *The UFO Dossier: 100 Years of Government Secrets, Conspiracies, and Cover-Ups*. The author reviews the documents, scours government databases, and interviews witnesses, unearthing details on UFOs, mysterious crashes, sightings, encounters, and related phenomena. He presents plots, cover-ups, misleading statements, and documented connections to government intrigue—as well as hoaxes and problematic authentications. Following leads and digging into the files of the CIA, the FBI, the FAA, NASA, the army, navy, air force, and other U.S. government and international agencies, Randle exposes the facts, myths, and secrets.

**Kevin D. Randle** is a retired U.S. Army lieutenant colonel who toured in Iraq. He has master’s degrees in psychology and the art of military science, as well as a doctorate in psychology. His army and air force training as an intelligence officer, military policeman, and in public affairs affords him unique insights into military operations, protocols, and investigations into UFOs and related phenomena. Randle is the author of *Alien Mysteries, Conspiracies, and Cover-ups* and *The Government UFO Files: The Conspiracy of Cover-up* (both from Visible Ink Press), as well as *Crash: When UFOs Fall from the Sky*, *Reflections of a UFO Investigator*, and *UFO Casebook*. He lives in Cedar Rapids, Iowa.
