*Unexplained visitors, extra-dimensional encounters, and the mysteries of the universe explored*

## **Real Visitors, Voices from Beyond, and Parallel Dimensions**

**Brad Steiger and Sherry Hansen Steiger**

Are we alone or are there intelligent life forms out there? Or are they already amongst us? Can we even know the Truth? Exploring the myths, stories, history, and facts of documented encounters, mysterious experiences, and unexplained visitors, *Real Visitors, Voices from Beyond, and Parallel Dimensions* by Brad Steiger and Sherry Hansen Steiger examines the "other" forms, entities, and beings inhabiting our universe. It exposes their power and reach throughout centuries of legends, myths, and today's world.

Building on their decades of research into the paranormal, mystical, and supernatural, the Steigers analyze the influences and theories behind these mysterious "visitors." There are more than 200 thought-provoking stories that make you wonder about the Truth, including stories on UFOs, angels, spirits, ghosts, out-of-body experiences, time travel, strange energies, dreams, meditation, unidentified terrestrial life forms, and more.

**Brad Steiger** has written over 2,000 articles and more than 180 titles with inspirational and paranormal themes, including *Real Encounters, Different Dimensions and Otherworldly Beings; Real Ghosts, Restless Spirits, and Haunted Houses; and Conspiracies and Secret Societies*. Brad is a veteran of broadcast news magazines ranging from *Nightline to The Nightly News*. He is also a regular radio guest on *The Allan Handelman Show*, *Rob McConnell's X-Zone*, and *Coast to Coast with George Noory*. **Sherry Hansen Steiger** is an expert on health and healing, spirituality, and the unexplained. Sherry has authored or coauthored more than forty books, including the inspirational *Real Miracles, Divine Intervention, and Feast of Survival* and the best-selling "Miracles" series, including *Dog Miracles, Animal Miracles, and Christmas Miracles* (winner of the 2002 Storytelling Award). They live somewhere in Iowa.

Uncover the wonders of human body

## The Handy Anatomy Answer Book, Second Edition

Patricia Barnes-Svarney and Thomas E. Svarney

We all have one: the human body. But do we really know all of its parts and how they work? *The Handy Anatomy Answer Book* is the key to unlocking this door to a wondrous world. Covering all the major body systems—integumentary (skin, hair, etc.), skeletal, muscular, nervous, sensory, endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive—and, for good measure, adding chapters on growth and development and how science can help and augment the body, it follows the fascinating maze of organ systems and shows how much the body does routinely just to let you move, breathe, eat, and fight off disease.

This handy reference helps make the language of anatomy—as well as physiology and pathology—more understandable and less intimidating. Fascinating trivia plus serious facts combine to answer over 1,200 questions about the human body, including: *What is Gray's Anatomy? What does it mean to have 20/20 vision? Why is blood sticky? How does exercise affect the heart? What is "gluten intolerance"? Is urine always yellow in color? What are the seven warning signs of Alzheimer's disease? What is a reflex? How much sleep does an individual need? Can humans use organs from other animals for transplants?*

**Patricia Barnes-Svarney** is a science and science fiction writer. Over the past few decades, she has written or coauthored more than 35 books, including Visible Ink Press' *The Handy Biology Answer Book*, *The Handy Nutrition Answer Book*, and *The Handy Ocean Answer Book*. She was also the editor/author of the award-winning *New York Public Library Science Desk Reference*.

**Thomas E. Svarney** is a scientist who has written extensively about the natural world. His books, with Patricia Barnes-Svarney, include Visible Ink Press' *The Handy Dinosaur Answer Book* and *The Handy Math Answer Book*, and he is also the author of *The Oryx Guide to Natural History*. They live in Endicott, New York.

A practical, accessible, and engaging guide to the world of psychology

## The Handy Psychology Answer Book, Second Edition

Lisa J. Cohen, Ph.D.

*The Handy Psychology Answer Book* offers a unique and innovative approach to the field of psychology. Psychology used to be a household name. Famous psychologists—Freud, Erickson, Adler, Piaget—were known to almost everyone, and basic psychological ideas permeated the popular culture. Ever since then, the communication of the extraordinarily richness of psychological science has split into two completely unrelated tracks: popular and academic psychology. Either psychology becomes all entertainment and no substance (today's pop psychology) or all substance and overly dry (today's academic psychology).

This book takes a third path: it provides real substance in an accessible and engaging way. It is a captivating look at the topic, the historic development of the science, the personalities behind the research, and the latest controversies and scientific advancements. The easy-to-use, question-and-answer approach makes it the perfect gift for anyone. Students, science teachers, and people interested in life in general will find the text approachable and useful.

**Lisa J. Cohen** received her Ph.D. in clinical psychology from the City University of New York. She is currently Professor of Psychiatry and the Director of Research for Psychology and Psychiatry at Mount Sinai Beth Israel medical center. Dr. Cohen divides her time between clinical work, teaching, and scientific research. She works on an inpatient unit for people with severe psychopathology but also has a private practice, where she treats people with milder conditions. Dr. Cohen has

published many articles and book chapters on a wide range of topics, including obsessive compulsive disorder, opiate addiction, and sexual abuse. Her current research focuses on the effects of psychological trauma on personality. Dr. Cohen lives in New York City.

*A look at the state of the 50 states, from Hawaii to New York, and Alabama to Wyoming*

## The Handy State-by-State Answer Book: Faces, Places, and Famous Dates for All Fifty States

**Samuel Willard Crompton**

How did colonies, territories, and land purchases shape the United States of America? What differences—and similarities—are there between the states? What does each state bring to the union? From sea to shining sea, *The Handy State-by-State Answer Book: A Guide to the Fifty States of America* explores the history, growth, politics, people, and more of each of the fifty states. It is a resource for learning about the events and personalities that influenced and affected each state, its history, government, cities, and culture. It is a convenient place to look for state facts and trivia.

In addition to the state motto, nickname, and when it entered the union, *The Handy State-by-State Answer Book* answers intriguing questions about the people, places, and events that lend a unique character to each state's boundaries, government, and places of interest, such as: *How important were the Beach Boys to California's culture? Are the Hawaiians still in charge of their state and its economy? Why was it so easy for the Pilgrims and the Puritans to take over eastern Massachusetts? Who were the first inhabitants of what is now South Dakota? Is it true that it never stops raining on the Washington coast?*

**Samuel Willard Crompton** is a native of Massachusetts who has visited about thirty of the fifty states. During a break from his literary endeavors, he took a thirty-day train trip around the entire perimeter of the country, and he's never been the same since. Some of the highlights were the Four Mile Bridge at Astoria and Cut Bank, Montana. Crompton is the author or editor of many books, including Visible Ink Press' *The Handy Civil War Answer Book* and *The Handy Military History Answer Book*. Crompton teaches history at Holyoke Community College in Massachusetts, where he has seen his students move from the analog to digital ages. He lives in Hadley, Massachusetts.

*Exploring technology and the making of the modern world*

## The Handy Technology Answer Book

**Naomi E. Balaban and James Bobick**

Technology pervades our daily lives and modern society, and not just when it comes to computers and smart phones. Before there was the computer, there was the abacus. Before the smart phone, there was the telegraph and ball point pen. Electricity, penicillin, and the compass have all led to revolutionary changes in how we live. *The Handy Technology Answer Book* explains how technology has revolutionized the way people live, work, and play. It covers a broad range of fields, including medicine, mining, architecture, transportation, the military, and agriculture, and how they have been changed by technology.

From the relationship between science and technology to nanotechnology, robots, and predictions for future technology, *The Handy Technology Answer Book* presents the latest and the historical in an engaging and informative format. It brings well-researched answers to more than 1,100 common questions on technology, such as: *What are the major time periods of technology? Who is considered to be the first engineer? Which individual was granted the most U.S. patents? What is a Uniform Resource Locator, or URL? What products are made from recycled plastic? Can human beings be cloned? What is the future of wearable technology in health care?*

**Naomi E. Balaban**, a reference librarian for more than twenty-five years at the Carnegie Library of Pittsburgh, has extensive experience in the areas of science and consumer health. She wrote, with James Bobick, *The Handy Science Answer Book*. She has a background in linguistics and a master's degree in library science. **James Bobick** recently retired after sixteen years as Head of the Science and Technology Department at the Carnegie Library of Pittsburgh. During the same time, he taught the science resources course in the School of Information Sciences at the University of Pittsburgh. He recently coauthored, with G. Lynn Berard of Carnegie Mellon University, *Science and Technology Resources: A Guide for Information Professionals and Researchers*. He has master's degrees in both biology and library science. They both live in Pittsburgh, Pennsylvania.

Explore the vibrant, rich, and influential Native American experience

## Native American Almanac: More than 50,000 Years of the Cultures and Histories of Indigenous Peoples

Yvonne Wakim Dennis, Arlene Hirschfelder, and Shannon Rothenberger Flynn

From ancient rock drawings to today's urban living, the *Native American Almanac: More than 50,000 Years of the Cultures and Histories of Indigenous Peoples* traces the rich heritage of indigenous people. It is a fascinating mix of biography, pre-contact and post-contact history, current events, Tribal Nations' histories, enlightening insights on environmental and land issues, arts, treaties, languages, education, movements, and more. Ten regional chapters, including urban living, cover the narrative history, the communities, land, environment, important figures, and backgrounds of each area's Tribal Nations and peoples. The stories of 345 Tribal Nations, biographies of 400 influential figures in all walks of life, Native American firsts, awards, and statistics are covered. Over 150 photographs and illustrations bring the text to life.

The most complete and affordable single-volume reference work about Native American culture available today, the *Native American Almanac* is a unique and valuable resource devoted to illustrating, demystifying, and celebrating the moving, sometimes difficult, and often lost history of the indigenous people of America. Capturing the stories and voices of the American Indian of yesterday and today, it provides a range of information on Native American history, society, and culture.

**Yvonne Wakim Dennis** is an award-winning author. Most of her publications have been about indigenous peoples of the United States, and she has also penned books about the diverse cultures of America. She serves as the Education Director for the Children's Cultural Center of Native America and is on the board of directors for Nitchen, Inc., an advocacy organization for Indigenous families in the New York City metropolitan area. She is a multicultural consultant for businesses, schools, and publishers and is a columnist for *Native Hoop* magazine. She resides in New York City. **Arlene Hirschfelder** is the author or editor of over twenty-five books about Native peoples, including *Native Americans: A History in Pictures* and *The Extraordinary Book of Native American Lists*, and she has coauthored, with Yvonne Dennis, the award-winning *Children of Native America Today* and *A Kid's Guide to Native American History*. She worked at the Association on American Indian Affairs (a civil rights organization) for over twenty years and has years of experience consulting with publishers, museums, schools, and universities. She lives in Teaneck, New Jersey. **Shannon Rothenberger Flynn** has authored lifestyle and design books for Hearst and contributed writing and editorial services to *The Native Americans—an Illustrated History*, which became a cable network series. She was project editor for the *Scholastic Encyclopedia of the North American Indian* and served as Native American consultant on books for young readers. Flynn teaches writing at Dutchess Community College and English at Westchester Community College in New York. She lives in New Plaza, New York.
