A respected expert exposes the pernicious power and inner workings of the Illuminati

The Illuminati

The Secret Society That Hijacked the World

Jim Marrs

Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamsses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order.

Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as "The Ancient and Illuminated Seers of Bavaria," the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the *Protocols*—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.

Jim Marrs is an award-winning journalist and author. After graduating from the University of North Texas with a degree in journalism, he worked for and owned several Texas newspapers before becoming an independent journalist/author. He is the author of the *New York Times* bestsellers *Rule by Secrecy* and *Crossfire: The Plot That Killed Kennedy*, which was the basis for the Oliver Stone film *JFK*. His in-depth overview of the UFO phenomenon, *Alien Agenda*, is the top-selling non-fiction book on UFOs in the world, and it is available in several foreign languages. He is a frequent guest on national radio and television talk-show programs. Marrs lives somewhere in Texas.

The mysteries and myths of ancient civilizations explored and revealed

Ancient Gods

Lost Histories, Hidden Truths, and the Conspiracy of Silence

Jim Willis

Where do we come from? What are the origins of modern civilization? Do the world's pyramids, the Nazca Lines, Easter Island statues, and other enigmatic structures, archaeological wonders, and geographic anomalies contain evidence of ancient gods?

Sifting through the historical and archaeological evidence, *Ancient Gods: Lost Histories, Hidden Truths, and the Conspiracy of Silence* probes the myths, stories, history, and facts of ancient civilizations, lost technologies, past catastrophes, archetypal astronauts, and bygone religions to tease out the truth of our distant past and modern existence. It takes an in-depth look at the facts, fictions, and controversies of our ancestors, origins, who we are as a people, and who might have come before us. It tackles more than 60 nagging stories of ancient gods, ancestors, alien visitors, theories, and explanations, including why our ancestors crawled deep underground to paint on cave walls; how the megalithic temple site called Göbekli Tepe came to be built—11,600 years before the agricultural revolution; how massive stones, weighing tons, were dragged miles to build Stonehenge; who—and why—pyramids were built on the equatorial band circling the earth; what secrets modern DNA analysis reveal about mankind's heritage; and more!

Having earned his master's degree in theology from Andover Newton Theological School, **Jim Willis** has been an ordained minister for over forty years. He has also taught college courses in comparative religion and cross-cultural studies. In addition, Willis has been a professional musician, high school orchestra and band teacher, arts council director, and even a drive-time radio show host. His background in theology and education led to his writings on religion, the apocalypse, cross-cultural spirituality, and the mysteries of the unknown. His books include Visible Ink Press' *The Religion Book* and *Armageddon Now: The End of the World A to Z*. Willis resides in the woods of South Carolina with his wife, Barbara, and their dog, Rocky.

Secret Societies

The Complete Guide to Histories, Rites, and Rituals

Nick Redfern

Claims and counter-claims. Accusations and allegations. NSA spying and suppressed evidence. Cover-ups and threats. Documented connections and intrigue. Suggestions of a New World Order. Are we to believe the coincidences are mere chance? Might the paranoid be on to something? Who really holds the levers of power? History admonishes us to be vigilant of hidden plots and nefarious agendas of governments and the powerful.

Shedding light onto sometimes sinister and coercive groups, *Secret Societies: The Complete Guide to Histories, Rites, and Rituals* is packed with details on nearly 200 organizations, their histories, founding members, backgrounds, and suspected conspiracies. It uncovers and examines the hidden, overlooked, and buried history of some of the most notorious groups, including the Illuminati, the Freemasons, Skull and Bones, World Bankers, the Secret Government, and extraterrestrial invaders, to name a few.

Tracing the chilling and corrosive effects of powerful cliques and their plots, it exposes their deep reach into the operations of today's world. Providing gripping details, presenting the facts, and letting the reader decide, this revealing work probes the hidden agendas and agreements of secret cabals and associations. Along the way, it debunks myths and presents the evidence on an invisible world of influence and power.
